

APPENDIX 5

KPI & SLA: HOUSEKEEPING SERVICES - EA DIGITAL ILLUSION

KPIs

1. Customer Satisfaction (CSAT): >90% for daily housekeeping services
 - We aim to achieve at least 90% customer satisfaction for daily housekeeping services by conducting continuous surveys.
 - How: Proactive communication, regular digital surveys and feedback during site visits.
 - Review: Tracked monthly in a shared dashboard (our platform Mira). Low scores flagged and discussed with EA for improvement actions.
2. Employee Satisfaction (ESI): >90%
 - We aim to achieve at least 90% employee satisfaction for our housekeepers by conducting continuous employee surveys as part of our ISO 45001.
 - How: High presence by management team, quarterly anonymous surveys, 1:1 check-ins, ongoing educations and team happenings.
 - Review: Trends shared with EA bi-annually. Action plans created for any declining areas.
3. Eco-Labeled product for daily usage: 100%
 - We strive to ensure that 100% of all daily cleaning products used are eco-labeled, reinforcing our commitment to sustainability and ISO 14001.
 - How: Only approved eco-labeled products are procured and used.
 - Review: Verified during quality checks and procurement reviews. Compliance reported to EA quarterly.
4. Approved Quality Inspections: >95%
 - Our goal is to achieve a minimum of 95% approval in quality inspections by on-site Team Leader, ensuring consistently high standards in our housekeeping services.
 - How: Weekly inspections by Team Leaders using standardized checklists.
 - Review: Results summarized and shared live with EA. Any underperformance is followed by corrective actions.

SLAs

1. **Scheduled Site Visits: Twice per month by Operations Manager**
 - We ensure that our operations manager conducts one site visit per week (scheduled or unscheduled) to maintain service quality, check compliance, and gather feedback from both staff and clients.
 - How: Scheduled bi-weekly with visit logs and feedback collection. Unannounced for site inspections and feedback collection.
 - Review: Summary shared in real time with EA through Mira. Adjustments made based on feedback.

2. **Scheduled Business Meetings: Once every quarter by Account Manager**
 - We ensure that our Account Manager, together with the managerial housekeeping team, conducts four scheduled business review meetings annually (once per quarter) to maintain alignment on pricing, service scope, and performance against agreed KPIs and SLAs outlined in the contract.
 - How: Scheduled quarterly by Carotte, with agenda sent in advance.
 - Review: Meeting minutes and action points will be documented and shared with the client. Any changes or improvements agreed upon during the meeting will be tracked and implemented accordingly.

3. **Quality Control: three times per week by Team Leader**
 - Our team leaders perform quality inspections three times per week to guarantee that cleaning standards are consistently met, and any issues are proactively addressed.
 - How: Routine inspections documented via digital tools.
 - Review: Trends reviewed in internal meetings and shared in real time with EA.

4. **Response Time: Within four hours during business hours**
 - We commit to responding to all inquiries and service requests within four hours during regular business hours to ensure quick resolutions and support.
 - How: Mira will be used as a two-way communication system and can log and track response times. All members of Carotte's management team as well as EA Workplace Team will have access to the system to ensure inquiries are noted immediately.
 - Review: Response metrics reviewed weekly. In case of delays, Carotte will develop an action plan to address and improve response times.

5. Substitute Housekeeper: Immediate Priority

- In the event of an absence, we guarantee a replacement housekeeper to ensure uninterrupted service and consistency in quality through our educated substitute pool.
- How: Trained substitute pool activated as needed.
- Review: Substitution frequency and quality tracked and shared in monthly service reviews with EA.

6. Training & Certification: Carotte Service Academy

- All housekeepers undergo training at the Carotte Service Academy, equipping them with the skills and knowledge needed to deliver top-tier hospitality and housekeeping services.
- How: Mandatory training for all housekeepers, tracked in internal systems.
- Review: Certification and refresher compliance reported quarterly to EA.
