10. PRICE ADJUSTMENTS

Prices are reviewed annually in a meeting with EA as Carotte adheres to the Cleaning Index. The Cleaning Index tracks price changes for various costs in the cleaning industry. It was developed by Statistics Sweden (SCB) at the request of Almega Service Contractors. The purpose is to measure cost changes for cleaning services and facilitate long-term price Contracts without causing profitability shifts unfairly favoring either party. The base month is May, with new values calculated annually (June 1). Carotte reserves the right to adjust prices for cleaning services according to the Cleaning Index. The Client will be informed of such adjustments in writing at least one (1) month in advance and needs to approve such price adjustments via email in order to become valid under this Agreement.

The Cleaning Index is updated biannually, in November and May. Carotte will, however, implement price adjustments only once per year. During the quarterly and annual review meetings with EA, Carotte's Account Manager, together with the managerial housekeeping team, will inform the Client of the November index update to enable accurate forecasting of the upcoming annual increase based on the biannual index changes.

Alongside the pricing review, Carotte shall be responsible for initiating and scheduling an annual scope review meeting with EA to discuss and align on EA's requirements. This scope review shall be conducted in conjunction with the annual price review process.

11. COMPLAINTS

Complaints must be made in writing via email to info@carotte.se. If a complaint is justified, Carotte will address the fault or deficiency by deploying the regular cleaner. If the Client addresses the fault before the Supplier is contacted or given the opportunity to inspect, no compensation will be provided to the Client. If the fault or deficiency is remedied within a reasonable time, no refund, price reduction, or other compensation will be issued by the Supplier. If the fault is not remedied within a reasonable time, the Client has the right to a price reduction equivalent to the fault or deficiency.

12. DAMAGES

The Client is responsible for keeping their property insured. In addition to the Client's insurance, Carotte commits to maintaining liability insurance covering personal and property damage caused by Carotte's personnel. Damage caused by negligence from Carotte staff will primarily be remedied through repair and secondarily through compensation equivalent to the damage. The Client must inform Carotte in writing via email to info@carotte.se if any item is broken, unusable, or has impaired functionality that could lead to damage during use. The Client is also required to inform if the interior is particularly sensitive to standard cleaning procedures or cleaning agents. Damage reports must be submitted to Carotte within 24 hours (excluding weekends) after the Client noticed or should have noticed the damage. Carotte does not compensate for damages caused by improperly mounted or placed fixtures, such as poorly secured paintings or unstable objects. If loose or fixed property requires special care, this must be communicated to Carotte, who will then record it in the client profile. Wear and tear on fixed fixtures resulting from normal and responsible cleaning will not be compensated. Compensation for damage does not cover business loss, indirect damages, or consequential damages. Carotte's liability for damages is limited to the amount covered by the applicable liability insurance at the time of the damage.

13. LIABILITY INSURANCE

Carotte's liability toward the Client for approved registered damages is limited to an insurance amount of SEK 10,000,000. This liability does not apply in cases of gross negligence or intentional misconduct.

14. ILLNESS/ABSENCE OF CLEANERS

In the event of illness of the regular cleaner, Carotte will provide a replacement on weekdays, excluding weekends and holidays unless otherwise agreed.

15. CHANGES TO EXISTING SCHEDULE

If the cleaning schedule falls on a public holiday, the cleaning will be omitted for that instance. If the Client wishes to reschedule regular cleaning to another equivalent day and time, subject to Carotte's availability, this must be communicated in writing at least 48 hours in advance to info@carotte.se. Rescheduling will incur a cost for the

regular cleaning session and may include additional charges for holiday premiums and OB.

16. CHANGES TO PREMISES/ASSIGNMENT

All changes to or within the premises, such as remodeling, renovations, etc., that may impact cleaning must be communicated to Carotte no later than two (2) months before the changes begin. Such changes may result in modifications to pricing or cleaning routines. If the Client fails to notify Carotte, the agreed cleaning level cannot be guaranteed, and cleaning tasks will be adjusted to suit the circumstances. All cleaning assignments outside the agreed scope will only be performed after approval from the Client. Orders for extra or expanded assignments must be made in writing and not through the housekeepers. The Client may, in consultation with Carotte, increase or decrease the scope of the assignment.

17. FORCE MAJEURE

Circumstances or events such as strikes, blockades, war, riots, fire, explosion risks, government intervention, or other circumstances beyond the Supplier's control that prevent the Supplier from fulfilling its obligations under this Contract release the Supplier from fulfilling its agreed commitments for the duration of the circumstances.

18. KEYS/SECURITY ALARMS/DOOR CODES

If cleaning assignments are performed when the Client is not present, the Client must provide keys and any alarm codes. The Client is responsible for providing Carotte access to the premises through keys, alarms, access cards, entry codes, or equivalent means. Carotte ensures secure handling of keys and alarm information to prevent unauthorized access. The "Key & Alarm Acknowledgment" form governs this process and must be signed by both parties. If the Client fails to inform Carotte of changes such as a new entry code, alarm provider, or new keys, Carotte disclaims all responsibility for missed cleanings or triggered alarms. Carotte requires at least 11 sets of keys.

19. INVOICING AND PAYMENT TERMS

Invoices shall be submitted monthly, within five (5) business days following the end of each month, for services rendered during that period. Payment terms are 45 days net. Interest will be charged on overdue payments in accordance with the Swedish Interest Act (1975:635). Invoicing for additional work occurs after the work is completed and delivered. The Client may not withhold payment as compensation for any reported quality deficiencies or damages. In cases where compensation is due, it will be handled by the Client invoicing Carotte for the agreed amount.

The Client's invoicing address:

EA Digital Illusions CE AB
Södermalmsallén 36
118 28 Stockholm
E-invoice: DICEInvoices@ea.com

NOTE: PO number for cleaning supplies and cleaning services will be provided once a year by the client. Additional cleaning services will be charged to a separate PO number from the monthly cleaning services. The PO number will be provided at the time an additional cleaning request is made.

20. PERSONAL DATA & GDPR
